The Cheyenne and Arapaho Tribes is providing school supply, backpack, and PPE supply assistance for your child or children. Due to the Covid-19 Pandemic.

The Cheyenne and Arapaho Tribes Johnson O'Malley Program will not deliver school supplies or backpacks this year to your community. These services are based on availability of funds.

All students will need to complete an application, and provide a legible copy of the child's (CDIB Card) Certificate of Degree of Indian Blood. All students must have their own CDIB card this year for all JOM services or show proof they are 1/4 or more Indian blood. For students who are not enrolled with a Tribe, must show proof that he or she is 1/4 or more Indian, by showing a copy of the child's birth certificate and copy of enrolled parent's CDIB.

If you have any questions you may call our office or email us at the numbers, and address below. We hope you and your family are keeping safe during this time, and we look forward in meeting the needs of your child or children.
